NOTICE TO PATIENTS

Dear Patients,

We thank you for your continued patience and understanding as we all navigate during the **COVID-19 Coronavirus**. We continue to review adjustments necessary to ensure the safety of our patients, staff, and community.

Many of our visits remain via telemedicine. However, some providers are now accepting in person visits on a case by case basis. If you desire an in-person visit, please [email your provider](#) directly to discuss options. If you have a scheduled appointment, you will receive a call to convert your appointment to a video or telephone appointment if appropriate. We are now using "ZOOM" video conferencing and can set up an easy to use link for you in an email. This can take place for Medication Management appointments, Initial Diagnostic appointments for Adults and Adolescents, and for the Initial Parent meetings for Child patients.

Therapy appointments may be possible on the ZOOM link at the discretion of your therapist. Please [speak](#) to them ahead of time to clarify their policy on this. We are taking precautions at the office to wipe down all public surfaces multiple times each day. We all are using frequent hand washing to ensure we are not vectoring for transmission.

Our recommendations and office policy will be evolving in response to new information from the CDC, Virginia State health Department, and the Fairfax County Health Department. Please continue to check our website for updates or feel free to [email our office](#).

Sincerely,

The Medical & Clinical Staff of CFCG
