NOTICE TO PATIENTS

Dear Patients,

Thank you for your continued patience and understanding as we all navigate safe passage through this COVID pandemic. We continue to review and adjust our policies as necessary to make our clinic as safe as possible for our patients, our staff, and the community.

Many of our providers have resumed some in person visits. You may contact your provider or the office to confirm if in person visits are being scheduled.

To keep our community safe, we will convert your in-person appointment to a virtual appointment if:

- 1) you are feeling sick**
- 2) have had an exposure to someone sick or who has tested positive, or**
- 3) traveled in the last two weeks to an area of high COVID exposure**

We are taking precautions at the office to wipe down all public surface's multiple times each day. We all are using frequent hand washing to ensure we are not vectoring for transmission. A mask is also required to be worn within our suite.

Our recommendations and office policy will be evolving in response to new information from the CDC, Virginia State Department of Health, the Fairfax County Health Department, and our medical staff. Please continue to check our website for updates and feel free to contact our office or your clinician if you have questions or concerns.

Sincerely,

The Medical and Clinical Staff of CFCG
